EXSM 3929: Digital Accessibility
M4 Weekly Response

CCID: ccid, last name, first name
Due: May 20, 2023

Instructions

==Make a **copy** of this document, **edit**, **export** as a **PDF** and **submit** on **eClass**.==

Weekly response documents are **to be completed by Saturday evening (11:59pm)**. Each response document follows the same format; there are **four web resources** with **three talking points**.

The purpose is to help prepare you for our discussions on Tuesday evenings. To receive full marks visit each web resource, respond to the prompts, and submit on eClass.

This document will be marked out of **ten points** based on the following criteria:

DESCRIPTION	VALUE	MARK
Document is **submitted** with proper **ccid**, **name**, and **date**	2	
Document is **complete** with talking points **relevant to the course**	8	

Notes

Late submissions are received at a **reduced value**, see eClass for details.

Please **keep this cover page** attached.

Weekly Response

How to Manually Check Your Website for Accessibility

Link:
https://equalizedigital.com/accessibility-checker/how-to-manually-check-your-website-for-accessibility/

- Why is manual accessibility testing important?

- What is the difference between manual testing and user testing?

- Whose job is it to run manual tests (designers, developers, others)?

Web Accessibility Evaluation Tools List

Link: https://www.w3.org/WAI/ER/tools/

- How many tools did you try (without being prompted)?

- Did you find any tools particularly useful?

- Did you generate any unexpected results?

Involving Users in Evaluating Web Accessibility

Link: https://www.w3.org/WAI/test-evaluate/involving-users/

- How would you change your testing criteria to include disabled users?

- Why is it difficult to draw conclusions from single instance user testing?

- How could you make this whole process easier?

Tips for Conducting Usability Studies with Participants with Disabilities

Link:
https://www.smashingmagazine.com/2018/03/tips-conducting-usability-studies-participants-disabilities/

- At what stage would you recommend user testing for accessibility?

- How would you approach recruitment for user testing?

- What challenges can you imagine with remote accessibility testing?
